

New England's  
**Largest**  
Locally Owned Seed Company

# September 2010 Valley News

**Summer Drought has caused turf damage**

**Re-seed with Valley Green's 80/20 Over-Seed Mix**

**80% Tri Rye with 20% Brooklawn Kentucky Blue Grass**

Valley Green carries a number of stock seed mixes designed for New England soils and climate conditions or we will custom blend to your specific needs.

Hydro seeding mulches, tack, etc at all warehouses. Futerra, Seed Aide, Mainly Mulch, etc

## Exclusive at Valley Green

**Germin8 Boost Seed Germination.** Biostimulant for hydroseeding or spray on new seed beds. It pulls the available nutrients from your soil and makes them available for use.

**Nutrismart – Organic Nutrient Supplement.** Environmentally friendly microbial fertilizer. All components are naturally occurring. No soluble N, P and K. Can be purchased straight or with a fertilizer. Replace up to 25% of your applied nitrogen.

**Reed & Perrine 25-2-5 with Nutrismart**

**24-0-8 50% NutriSphere-N 2% FE**
