

**NOTE:** In order to participate in the field test, **we must first receive a credit card number from you.** If you successfully complete the review and want to purchase the test unit, we will then charge your card. If not, we will hold on to the CC number until the unit is returned. If the unit is not returned in a timely manner, we will charge your card full retail. Sorry for the inconvenience.

### **Tanaka Field-to-Forum Product Review Guidelines**

1. Briefly introduce yourself and your company
2. Describe the test environments and the number of hours you used the product in each environment.
3. Rate the following on a scale of 1-10, (10= Outstanding, 1=poorest):
  - Weight
  - Balance
  - Power
  - Fuel efficiency
  - Easy of starting
  - Ease of use
  - Noise level
  - Accuracy of cut
  - Safety features
  - Overall reliability
  - Manual / instructions
  - Other
4. Compare the unit against other brands you have used
5. Provide summary and recommendation information
6. Other Comments

Please **take pictures** (jpg format) and **submit the review in a Word or text document.**
